Self Defense Kit Includes 4 Gadgets

1. **Personal Alarm Key-chain** During emergencies, pull out The latch, which issues a strong alarm 130 db. To stop the alarm, just plug the pin. It is a very useful personal safety device for every girl, women walking in the dark alone, in case of suspicious people near, can pull out the latch, deter suspicious people and raise an alarm to call for immediate help. It is suitable for ladies traveling during the night. This product is apt for all conditions. Upon usage, it causes high noise at 130 decibels for raising an alarm for everyone nearby. Application: for ladies, students, elderly, night shift workers emergency help.

2. **Mini Pepper Spray** Our Mini Pepper Spray is the ideal tool for any individual looking to protect themselves or willing to ensure their loved ones stay out of harm's way. A self-defense tool that has been synonymous with safety since time immemorial. Can be used by everybody from working women and college girls, to senior citizens and even security personnel. The quality and design of our products ensure a world-class standard is met while also giving prime consideration to our customer's varied and versatile safety needs

3. **Multi-functional Self Defense Device** Multi-functional Self-defense Device alone might not be effective enough to deter an attacker and it is not as effective as other self-defense products. The defender Device is an excellent addition to pepper spray or a stun gun since you might not always have those two self-defense products with you or immodestly accessible.

4. **Metropolitan Whistle** The Metropolitan Whistles are sought after today by police officers, referees, coaches, majorettes, musicians, dog trainers, and of course for emergencies like you.

It may be also save many women & girls from the prospective criminals
